Survey on National Contributions to EOSC and Open Science 2025

This survey is aimed at the EOSC Steering Board whose members are representatives of Member States and Associated Countries in the EOSC Governance. The survey consists of questions for monitoring policies and practices for EOSC and Open Science at national level in Europe. EOSC Steering Board members have the role of 'managers' for their country responses and can assign 'contributors' to help to respond to the questions for their country.
